

HD Shipping Scales

The HD Series MEANS **Heavy Duty**. These scales are extra durable and designed for shipping, weight checking, and all light industrial uses. They have a built in RS232 Computer port and come with the correct RS232 cable.

You can use the HD as a standalone scale or plug it into your computer to tie in with windows CE based software (not included). **The HD-150 & HD-300 are both UPS® and USPS DAZZLE® COMPATIBLE (PLUG AND PLAY)**

Their rugged **Heavy Duty** design has made them a proven winner for warehouses everywhere. Adjustable rubber feet keep this scale stable and level on all surfaces.

The HD comes with an AC Adaptor and 6ft RS232 Cable. The HD can be also be powered by AA batteries for portable weighing. The display is extra large LCD with an intuitive readout and easy to understand buttons.
